The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action. The RCE filed 12/11/06 is accepted.

Claims 54-58, 67, 68, 76-78 are rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 30, 31, 37, 38 of U.S. Patent No. 6645455. Although the conflicting claims are not identical, they are not patentably distinct from each other because they claim common subject matter; the previous patent includes all ratios of functional group to carbon.

Any inquiry concerning this communication should be directed to examiner Hendrickson at telephone number (571) 272-1351.
